Mathematics Revision Test 18

1. 323.76 + 19 hundredths
   = _____

2. Draw a hexagon in this space:

3. 13^2 = _____
   Don't forget to put the zero down when you use Long Multiplication. Do your working out in this space:

4. Draw an obtuse angle – label it.

5. Draw a rhombus

6. 724 ÷ 100 = _____

7. Find the volume of a cube with sides measuring 11 cm.
   = _____

8.

   Find the area of this shape:
   = _____

9. 4.9 L = _____ mls

10. Write 555 tenths as a decimal = _____

11. 9 squared = _____

12. 12 x 8 = _____

13. 6 x 7 = _____

14. 9 x 6 = _____

15. How many tenths in 23.9?
    = _____

16. 5^3 = _____

17. 9 x 9 = _____

18. Factors of 24 =
    _____

19. Is 57 a prime number?
    NO/YES

20. How many lines of symmetry has a hexagon?
    = _____

SCORE BOX:

_____
20

Are you improving? YES/ANY MINUTE NOW

Find the Perimeter

A perimeter is the distance around a shape. To find the perimeter of a shape you need to add up the lengths of all sides.

Example -

This is a square with sides that are 2cm long.
2+2+2+2= 8cm

Now try these.

8.5cm

8.5cm =

6cm

3cm =

4cm

4cm =

5.5cm

4cm =

9cm

9cm =

8.5cm

6cm =

10.5cm

6cm =

5cm

2.5cm =

1cm

1cm =

4cm

3cm =

7cm

2cm =

6cm

6cm =

Core Topic Timed Test 4

You have 25 minutes to complete this test.

Write these numbers in DESCENDING order:

1. 123 211 221 231 132 213 233

Write **+**, **−**, **×** or **÷** in each box to make the calculation correct

2. 8 ☐ 5 - 10 = **30**

3. 9 x 6 ☐ 4 = **50**

4. 6 ☐ 3 + 8 = **24**

5. 50 ☐ 5 - 2 = **8**

6. 42 ÷ 7 ☐ 36 = **42**

7. 65 ÷ 5 ☐ 2 = **15**

8. 7 ☐ 8 - 3 = **53**

9. 12 ☐ 4 + 5 = **8**

Use your ruler to measure the perimeter of this rectangle. Circle the correct option below:

10. 28.4cm 31.2cm 34cm 37.2cm 26.8cm

Core Topic Timed Test 4

Core Topic Timed Test 4

This scary brainbox is brilliant at maths and has a brain like a calculator!

Today his brain is programmed to take any number and instantly multiply it by 3 and then add 9.

What answers will he produce from the numbers in the left hand boxes?
Write your answers in the right hand boxes:

16. Turn shape A *clockwise* through 1 right angle. Draw its new position.

17. Draw a shape with an area larger than that of the shape B

Core Topic Timed Test 4

This block graph shows how the children get to the village school.

18. How many children come to school on their bikes? _____

19. How many come by bus or train? _____

20. What is the most popular way of getting to school? _____

21. How many children are there in the school? _____

In the beach kiosk the price of an ice cream, an ice lolly, a beach ball and a bucket and spade are as follows:

Ice cream: £1.25p Ice lolly: 90p
Beach ball: £3.75 Bucket and spade: £2.20

22. How much would you have to pay for 2 ice creams and 4 ice lollies? £_____

23 How much would you have to pay for 1 beach ball and 2 buckets and spades? £_____

24 Which purchase is cheaper: Ice cream + ice lolly OR a bucket and spade? _____

CORE SKILLS 3

1

In a survey 400 people were asked what their favourite fruit was. The results were recorded in a pie chart. How many people liked blueberries?

2

This table shows the results of a girl's netball team.

Year	won	lost	drawn
2014	7	2	5
2015	4	4	6
2016	6	7	1

How many matches did the team not win?

3

$4^3 =$

4

The book shop was selling half price journals. The original price was £19.56.
How much change did Simon get from his £10.00 note?

5

What is the value of angle z°

30° 27° 28° 32° 38°

6

Choose the formula for the area of this shape from the options provided.

CORE SKILLS 3

$c^2 + b^2$ $b^2 - c^2$ $c^2 - b^2$ $(c - b)^2$ $2(c + b)$

7 The perimeter of a square is 112cm. What is the area of the square?

8 Which letters have two lines of symmetry?

Y O Z M X

9 Sharon is twice her daughter's age. In five years' time Sharon will be fifty-one. How old will her daughter be then?

10 68 families go on a water sports holiday. $\frac{1}{4}$ of them like sailing. How many families do not like sailing?

Maths Reasoning

These questions are designed to get your mind whirring - so have a go. If you can't do it first time then try, try again. It is important to persevere.

Example

An A4 notebook costs £1.90

An A5 notebook costs £1.60

Jessica spends exactly £20 on notebooks.

Explanation

How many of each notebook does Jessica buy?

Maths Reasoning 13

Write down the cost of each notebook up to £20.

The exact total can be determined by matching up the costs of A4 and A5 notebooks to exactly £20.

Number of each item	Cost of A4 Notebook(s)	Cost of A5 Notebook(s)
1	£1.90	£1.60
2	£3.80	£3.20
3	£5.70	**£4.80**
4	£7.60	£6.40
5	£9.50	£8.00
6	£11.40	£9.60
7	£13.30	£11.20
8	**£15.20**	£12.80
9	£17.10	£14.40
10	£19.00	£16.00
11	-	£17.60
12	-	£19.20

Using the table we can see that 8 A4 notebooks and 3 A5 notebooks cost exactly £20.

There is no other solution for this question.
